Summary

I'm a passionate Web Developer. As a frontend developer, you specialize in building user-friendly, responsive web interfaces using HTML, CSS, and JavaScript. You're proficient in frameworks like Bootstrap, Tailwind CSS, and React and converting Figma designs into pixel-perfect, responsive websites.

Featured Project

Share Your Emotion (SYE) Social Media Platform

`React js` `Tailwind Css`

It's a Social Media Platform. Major platform features include - create post ,send friend request ,add friends , cancel request ,live post ,live search functionality and many more.

More Challenges

- Live Search Functionality
- User and email verification and re-authorization
- Generate Verification Code
- Live profile picture upload
